FOUNDER'S DESK

Success is Journey not a destination

Jitendra Singh
(President)

There are two ways of spreading light. 'To be a candle or to be a mirror that reflects candle's light.'

Education has always been considered to be the ennoblement of a man's character. What is expected of a young student is not only to be well educated and highly qualified in the academic field but also to be in the possession of values and high standard of personal conduct. With an aim to provide top of the league training to students to excel in every sphere, Genesis Classes provide knowledge, guidance and inspiration to recognise and explore their own potential. All courses are based on time testing methodology which has been perfected by Genesis and the outcome of persistent hard work and dedication is the unmatched success and achievement in JEE, Mains/Advance, AIIMS, NEET, NDA & OLYMPIAD over the past fourteen years. I also like to congratulate the parents who have shown their faith in us and admitted their wards to Genesis. Let us all join hands together and strive to succeed in our 'Endeavour' to become the 'BEST' amongst the best.

Jitendra Singh (President)

"Education is the process of facilitating learning and the acquisition of knowledge, skills, values, belief and habits."

Swami Vivekananda, a great thinker and reformer of our country, embraces education which for him "Education is the manifestation of divinity already existing in man. He believes that knowledge resides within the individual himself. He simply discovers and realizes it. Education is a process by which character is formed, strength of mind is increased and intellect is sharpened". Although success is uncertain but GENESIS always 'STRIVES' to provide academic services to students and enable them to meet their goals and objectives. We always look forward in maintaining 'EXCELLENCE'. I appreciate, congratulate and thank all our students and the parents for their trust and co-operation and anticipate to serve your scholastic expectations at Genesis.
